

SEALINK[®]

Important Safety Briefing

Welcome aboard this SeaLink vessel.

Safety Briefing:

In the unlikely event of an emergency, please follow the instructions of your crew.

Life jackets are located under the seats in the main cabins, and in the lockers throughout the vessels. Childrens and Infants lifejackets are available with the crew.

Emergency muster stations are located forward and aft of the vehicle decks, and your well-trained crew would advise when you would need to go to them.

Please be careful when moving around the vessel and ensure that children are supervised at all times.

SeaLink is a smoke-free environment, including our terminals and vessels.

Smoking, including vaping and e-cigarettes is prohibited.

On behalf of your crew we thank you for sailing with SeaLink.
